**Attachments:** Part 1 Minnesota Power - Boswell Energy Center No Alternative Disposal C....pdf; Email to state from Region\_Demonstration Received.docx

Hi all,

We received the demonstration from Minnesota Power yesterday for Boswell Energy Center. They sent it in 5 parts, this is 1. I'll forward the other 4 emails. I checked the Minnesota Power website this morning and the demonstration is not yet up so I will remind them to add it to their website.

Can you please notify Minnesota of EPA receiving this demonstration? I have attached the template email so you don't have to go digging for it.

**Subject:** Minnesota Power - Boswell Energy Center No Alternative Disposal Capacity Demonstration (Email 1 of 5)

Good Afternoon,

In accordance with the Coal Combustion Residual (CCR) "Part A" rulemaking, Minnesota Power (MP) hereby submits two No Alternative Disposal Capacity Demonstrations under the provisions of §257.103(f)(1): *"Site-specific alternative deadlines to initiate closure of CCR surface impoundments"*. MP is requesting EPA approval to extend the April 11, 2021 cease receipt date under §257.101(a)(1) for two CCR impoundments, Pond 3 and Bottom Ash Pond, located at the Boswell Energy Center (BEC) in Cohasset, Minnesota.

Due to corporate restrictions on email size, the full demonstration will be sent in sequential order via 5 separate emails. This is email 1 of 5.

If you have questions regarding this submittal or require additional information please contact me at [ctokarczyk@mnpower.com](mailto:ctokarczyk@mnpower.com) or at 218-464-3318.

Sincerely,

**Crystal Tokarczyk**
